**Exhibit "A"**

**Memorandum  
County of Edgefield**

**To:** Edgefield County Council  
**From:** James Burt, Edgefield County Planning Commission Chairman  
**Reference:** Zoning of Un-zoned property along HWY 25 Corridor  
**Date:** September 13<sup>th</sup>, 2018

On August 7<sup>th</sup>, 2018 Councilman Bibbs submitted an application to the Edgefield County Planning Commission to zone un-zoned parcels along the Highway 25 corridor (see attached). The application requested that the parcels, tax parcel numbers hereby attached, to be changed from Un-zoned to Rural Residential Development (RR).

The purpose of the Rural Residential Development (RR) district is to preserve the rural nature of development within its boundaries, managing density and fostering growth that is relatively quiet, low-traffic, and otherwise use-compatible with existing development. Through regulations aimed at achieving these ends, the district is intended to maintain the quality of life that citizens, farmers, and business owners of the district have historically enjoyed.

The Public Hearing was held on September 13<sup>th</sup>, 2018 and a vote taken immediately after. The Planning Commission voted six in favor to recommend to Edgefield County Council that the parcels contained in the application be zoned Rural Residential Development (RR) with the exclusion of parcel 144-00-00-081-000, which the Planning Commission recommend to Edgefield County Council be zoned Industrial Development (ID).

The purpose of the Industrial Development (ID) district is to promote and accommodate industrial development in suitable environs, separated from potentially incompatible uses, including residential, social, and medical uses. This district also is intended to protect potential sites for industrial development.

Please see attached for the application as submitted to the Edgefield County Planning Commission, a list of effected parcels, and a map of the proposed zoning.
