Edgefield County Council Members

Ref: 127 Courthouse Square Building

It has been readily known that the incoming Sheriff plans to utilize the above referenced building for Sheriff's Office space, until a new law enforcement center can be constructed.

It has come to my attention that the reference building is actually Courthouse property (TM# 137-03-03-012-000).

Due to this discovery, I hereby grant the Edgefield County Council full authority to make occupancy decisions during the time frame that the referenced building is being utilized by the Sheriff's Office. No modifications, nor repairs will be charged to the Courthouse Maintenance budget during this time period.

Any plans for the building after this time period will be discussed at that time.
