RE: **SCCWCT 2021-2022 Workers' Compensation Renewal**

Dear Thomas:

On behalf of your Workers' Compensation Trust, I want to thank you and Edgefield County for your continued membership in and support of the Trust.

In May of 2010, the SCCWCT Board of Trustees voted to make a "one-time reduction" of the workers' compensation multiplier from 29% to 15%. We are pleased to inform you that on May 19, 2021, the Board of Trustees voted to once again continue the 2010-2011 "one-time reduction" in the multiplier. Based on this decision, the Board of Trustees has determined that your annual contribution for the July 1, 2021 – July 1, 2022 period is \$196,745.

Budgeted \$248,850

Please remember that increases in your payroll will act to offset the decrease in the multiplier. Additionally, changes in your claims experience affect your County's experience modification factor which also directly impacts the contribution level that you pay. If your claims are reduced, you will see a contribution savings. If your claims increase, it will increase the contribution level that you pay into the Trust.

Enclosed you will find your County's experience modification ranking as compared to other Trust members. Experience mods greater than 1.00 indicate worse than industry average claims performance. Experience mods less than 1.00 indicate better than industry average claims experience. Please continue to support your Risk Manager to help reduce your experience mod and save your County and the SCCWCT money. SCAC risk managers are available to come to your County to work with your personnel to enhance your safety and risk management program.

Please note that this letter is not an invoice. You will be invoiced at a later date. If you have any questions concerning your 2021-2022 contribution estimate or experience modification factor, please feel free to call Pam Selkinghaus at 1-800-922-6081. As always, please call on your SCAC staff at any time.

Yours truly,

Tim Winslow
Secretary-Treasurer
